MOTION TO DISMISS

Docket No.: 2012-001

Cause No.: S/003/ 035

The Division of Oil, Gas, and Mining (Division) hereby files this Motion To Dismiss the above entitled Request for Agency Action (RAA) without prejudice or in the alternative to require the filing of an amended RAA that complies with the rules of the Board.

The Division asks that the RAA be dismissed on two general grounds. First, that the RAA for agency action does not meet the requirements for a Request as set forth in the Procedural Rules of the Board: it fails to state the relief requested; fails to include a statement of the legal authority and jurisdiction of the Board to hear the matter; and it fails to state with sufficient detail the facts and reasons in support of the claim. The

Division asks the Board to require the Petitioner to file an amended RAA that satisfies the rules.

In the alternative that the Board does not require the Petitioner to file an amended RAA or the Petitioner affirms that the RAA seeks an award of monetary damages, the Division asks that the RAA be dismissed for the reason that the Board does not have jurisdiction to grant the relief requested.

Respectfully submitted this 10th day of January, 2012.
